Re: Letter of Recommendation

Dear Joshua:

I am writing this letter in regards to the storage rooms at the Rex Ridge Apartment Corp., which your company has built over the past two years. What were once useless spaces which were gathering rubbish, are now beautiful storage rooms with state of the art individual lockers. Not only did your company improve the rooms themselves, but the storage lockers have added an important amenity to Rex Ridge. All this at no cost to the Coop, and we even earn a fair amount of money with the monthly commission checks you send to us.

I would strongly recommend your company for any building owner, coop or condominium who is interested in improving dilapidated rooms into revenue producing storage facilities.

Very truly yours,

Robert E. Abelson

Stillman Management, Inc. as Agent
